

Biodynamic farm

Urtica de Vijfsprong

Are you looking for an ESC project:

- THAT LASTS 9 MONTHS?**
- YOU DO TOGETHER WITH ONE OTHER VOLUNTEER?**
- THAT INVOLVES A LOT CYCLING (35 MINUTES ONE WAY)?**
- RELATED TO FARM WORK?**
- THAT INVOLVES WORKING WITH PEOPLE WHO FACE MENTAL AND PHYSICAL CHALLENGES?**

ENJOY THE RURAL BEAUTY OF THE NETHERLANDS!

WORK ACTIVITIES

You will work 4 days a week. Together with staff you decide in which areas you will work (in- and outdoor green activities, dairy products, cattle, restaurant).

RURAL AREA

You will be living in the East part of the Netherlands. It is a green and rural area but there are also cities in the surroundings, such as Zutphen and Apeldoorn.

FINANCES

You will receive 400 euro's per month (food and pocket money).

SUPPORT

A mentor is available for general support. At least once a month, there is a mentor meeting. Work related support is provided by the work coordinator that you meet once a week. The work coordinator also provides language lessons.

Biodynamic farm

The accommodation

the garden

the kitchen
the living

USING THE ACCOMMODATION

Together with three other volunteers, you will be sharing the accommodation. You are expected to clean the house and maintain the garden.

CYCLING FROM AND TO THE HOUSE

It takes about 35 minutes to cycle to the farm.

TRANSPORTATION

You will receive a SWAP lease bicycle. It has seven gears. You use this bicycle to get to work and you can also use it in your free time.

DOING GROCERIES

Around 10 minutes cycling from the house, there is a supermarket where you can get everything you need.
